Support

Raise excise taxes on tobacco, beer or wine

Oppose

Lower excise taxes on tobacco, beer or wine

Support

Please explain your position:

Taxing certain addictive items more than others, is wrong. The more money the government gets it's hands on for specialized programs - payed for by taxing addictive substances - the more incentive there is to keep the sale of these products legal.

Provide special tax breaks to certain businesses or industries

Oppose

Please explain your position:

You must give tax breaks to all businesses in the state of Idaho. If you play favorites fascism rears its ugly head, causing monopolies and non competitive pricing.

Repeal special tax breaks to certain businesses or industries

Support

Collect sales tax on Internet sales by participating in the national Streamline Sales Tax Project

Oppose

Please explain your position:

I would like to keep internet sales free from taxation and government control.

Propose a constitutional amendment to require a two-thirds vote of the House and Senate on tax increases

Support

Propose a constitutional amendment to require a two-thirds vote of the House and Senate for fee increases

Support

Eliminate income and/or sales tax exemptions, credits and deductions in order to raise state government revenue

Oppose

Eliminate income and/or sales tax exemptions, credits and deductions in order to lower the overall sales and/or income tax rates

Oppose

Please explain your position:

This would cause too much of a burden on small businesses.

Put in place stronger limitations on government spending in Idaho

Support

Reduce, reform or end participation in entitlement programs such as unemployment insurance, Medicaid and food stamps

Support

Please explain your position:

Charities should be returned to the private and religious sectors.

Expand participation in entitlement programs such as unemployment insurance, Medicaid and food stamps

Oppose

Repeal the use of urban renewal in Idaho

Support

Please explain your position:

Urban renewal is not the proper role of government.

Expand the use of urban renewal in Idaho

Oppose

Reform urban renewal by limiting the projects and holding elections for urban renewal commissioners

Oppose

Please explain your position:

We need to be eliminating Urban Renewal, and not trying to improve unconstitutional programs. This would only make it more acceptable to voters.

Ban the Land Board or other government agencies from owning businesses that compete with the private sector

Support

Ban minors from using tanning beds

Oppose

Please explain your position:

The facts of skin harm caused by tanning beds needs to be announced through public service messages, much as tobacco and alcohol products are. Encouraging tanning businesses to have minors get their parents permission before tanning, is a more constitutional way of handling this. The more laws passed, the more freedoms are taken away.

Allow Idahoans to buy health insurance across state lines

Support

Create a state government health insurance exchange

Oppose

Please explain your position:

This would be accepting the premise of Obama Care.

Expand school choice options in Idaho including charter schools, public schools and home schools

Oppose

Please explain your position:

This would regulate homeschooling, and would control what books and ideas are taught in peoples' own homes. Public school is communist education, and needs to be amended from the Idaho state constitution.

In general, I believe state government (select one):

Regulates too much, and such regulations should be cut
